Don't Buy It If You Don't Have To

By TJ

This book was required for my class, but I wouldn't recommend it to anyone. The book itself is okay in terms of information, but it's riddled with typos, which I find unacceptable in any published book, but especially in college-level textbooks. Also, some of the legal terms aren't defined in the text, which was inconvenient because I often had to search for definitions in order to fully understand some concepts.
