You are about to download the Kindle Ebook version of Adam Clarke's Commentary on the Whole Bible. This timeless and exhaustive scripture reference classic contains thousands of pages and is a wonderful addition to your biblical library!

Instead of downloading Adam Clarke's Commentary on the Whole Bible in its entirety, we have conveniently broken this monumental 8 volume work into individual books. This allows you to save more free space on your Kindle and makes for faster searches and quicker navigation. We sincerely hope these features will enhance your studies and maximize your reading experience.

Adam Clarke's Commentary is one of the best expository Bible Commentaries ever written, with complete exposition on both the Old & New Testaments. Clarke was a great scholar who was fluent in over 20 languages. He read widely on the customs of the ancient world, so he explains cultural references that would escape most of us.

This is better than hot stuff just off the press. Written over 200 years ago, Adam Clarke gives us the benefit of his thoughtful insights into the Bible and makes them useful to us today. Clarke, an original Methodist preacher who lived in Ireland, shares his extensive knowledge of languages of the ANE (Ancient Near East) as well as profound understanding of the author's original intent. Not preachy; just useful!

More importantly, Adam Clarke's total respect for God's Word and his complete devotion to his Lord are apparent throughout his works. Clarke examines the Bible phrase by phrase and sometimes word by word with an unusual carefulness both for the correct understanding of the text and for the souls of his readers. Although this is an expositional commentary rather than a devotional one, Clarke frequently pauses to apply the Scriptures to your life.

Adam Clarke's commentary is rich with sound Biblical exegesis and meaningful insights. Clarke was a good friend of John Wesley, and his theological positions are primarily Arminian, thus his Commentary will be a tremendous blessing and help to any sincere student of the Bible. Clarke, as an early Methodist, was deeply influenced by the teachings of John Wesley who held to Protestant teaching (i.e. sola scriptura, and justification by faith) while not neglecting the invaluable richness found in the Catholic and Orthodox traditions (i.e. ethics of holiness, sanctification). In this, one finds in John Wesley a beautiful synthesis of the best of church thought throughout the ages.

Not only does Clarke explain in detail the meaning of scripture passages in light of scholarly analysis and historical background, he compares the beliefs of the millions of Arminians around the world with those of the Calvinist. As a Wesleyan, Clarke gives a thorough and systematic explanation of Scripture which serves as a check to the imbalances of Calvinism and Reformed theology. Within this commentary are many great

rebuttals to both John Calvin's and Martin Luther's ideology. In doing this we find Adam Clarke's Commentary biblically accurate and refreshing. We highly recommend this author and work to the church.

About the author:

Adam Clarke (1760 or 1762–1832) was a British Methodist theologian and Biblical scholar. He is chiefly remembered for writing a commentary on the Bible which took him forty years to complete and which was a primary Methodist theological resource for two centuries.

As a theologian, Clarke reinforced the teachings of Methodist founder John Wesley. He taught that the Bible provides a complete interpretation of God's nature and will. He considered Scripture itself a miracle of God's grace that "takes away the veil of darkness and ignorance."<sup>1</sup> With such an understanding, Clarke was first and foremost a Biblical theologian, often uneasy with purely systematic approaches to theology.

Clarke followed Wesley in opposing a Calvinistic scheme of salvation, preferring instead the Wesleyan-Arminian positions regarding the "5 points" of Calvinism.

Adam Clarke's Commentary-Not ready for prime time

By MKA

I love Adam Clarke's work and have his commentary in other electronic formats. Expecting the same cool experience with the Kindle version, I purchased it. Unfortunately, it isn't nearly as easy to use as my other electronic versions of this commentary. When I searched the Ten Commandments, I received a short message that said this book wasn't indexed and to try back later. What-no index! No TOC either. So the only way I could find to navigate to anything was to guess at the location and see where I ended up and then bookmark it. It took me about an hour and half to find the Ten Commandments even though I knew exactly where they were located in the Bible. I'm trying to make friends with my Kindle and this did not help. I'm not sure what I expected, but boy am I having a hard time cozying up to it. This hard-to-use interface on this fantastic commentary added to the my still neutral feelings on the Kindle.

Great content but lacking Table Of Contents

By James Duncan

I am reading the sample and have gone into Chapter 4 and am very pleased with the content. Adam Clarke has a vast amount of knowledge that you cannot receive in other commentaries. I will not buy the book because it does not have a Table of Contents. A work of this magnitude must have a TOC, and once this is corrected I will purchase.

very hard to find content

By Kindle Customer

sorry to say very dissappointed in this. no table of contents cannot find New Testament. only shows volume 1.

would not reccomend
