First Feminist.

This is such an interesting book about an extraordinary woman. Very well researched, organized and easily consumed. I enjoyed every single second of it. I just wish it had all her works too so I could read them (in the original French with English Translation). This is a biography, not all her works.

Great Biography of Christine de Pizan

By El Zorro

I have read two biographies of Christine de Pizan, Willard's and McLeod's. Both are good and both are worth reading, but I am not sure McLeod's is still in print. Try this book if you are looking for a biography of Christine.
