CONALL'S LEGACY BY KAT WELLS PDF

Reclusive Luisa Montoya wants nothing more than to write her children's books in the peace and quiet of her ranch where her animals soothe her soul, and the solitude hides her secrets. Drake Forrester lives in a world of guilt and rage over the loss of his best friend ... and his love for the wrong woman. His fury is beaten only by the clash of his sculpting hammer and the noisy streets of Los Angeles. It threatens his job, his future, and maybe even his life. When Drake is sent to live on Luisa's isolated desert ranch, the city man and country woman are forced to face their painful pasts. Their future will rely upon their strength, love, and the legacy of Conall's spirit.

Kindle issue fixed, A great read

By G. Gibbs

The technical glitch that led to some 1-star reviews has apparently been fixed. This book downloaded to my Kindle without a problem. I found Conall's Legacy to be a well-written and touching contemporary Western romance, bringing to life the stark beauty of the Southern Arizona desert. After the tragic death of his friend Conall, Drake Forrester withdraws to the isolation of an old ranch in the desert, only to find the owner is an equally troubled woman. They discover a connection that neither of them expected, in a complex story of courage, forgiveness, and love. Recommended.

Absolutely Amazing.....

By Amazon Customer

What a great read. I loved this book! It is a very touching story of two people who both have their own demons to fight. Luisa has been reclusive since her father passed away and stays on her ranch tending to her horses and other animals. Her best friend comes and brings her groceries and supplies as she needs them. Luisa feels she needs no one and has no need for outside contact. Drake has a deep rooted sense of guilt over his best friend's death and his promise to look after the family left behind. He has continuous nightmares and

is struggling to come to terms with his past. Drake is forced by his supervisor to take a leave of absence from work til he can come to terms with his problems. Drake's supervisor make reservations for him at the same ranch where Luisa lives. The two eventually help each other with their struggles.

It's a great story and I highly recommend it to everyone. It is a very good read and one that I will definitely revisit in the future. I am looking forward to more from Kat Wells.....

Very good story!

By USAF Paralegal

I thoroughly enjoyed this book, once I figured out I could only read it on the Cloud Reader. (FREE from Amazon, just click on it and there it is.) It is an enjoyable contemporary romance read.

Like many others, I was very surprised that I couldn't open this book on my Kindle. Unlike them however, I went to the forums to ask if anyone could help me figure it out. One of the posters there was kind enough to point out to me that it was only available for iPad and Cloud, and told me how to go about getting it opened. As was pointed out to me, it does say quite plainly that it is only available on certain devices.

All that aside, this was a book I enjoyed, and worth the price I paid for it. Oh, wait. It was free.
