A "must read" for everyone!

By Paige

Again, as with his other books, Warren Hunter teaches amazing truths that will change your life. This is not a "self help" book. It is a complete paradigm shift that requires you to use logic with an open mind. In addition to having a spiritual mind, Warren is also well rooted in science, with a bachelors degree in biochemical engineering. His ability to explain spiritual concepts in a logical and practical way is why this book is a "must read"!
