About the Author

Laura E. Berk is a distinguished professor of psychology at Illinois State University, where she has taught child and human development to both undergraduate and graduate students for more than three decades. She received her bachelor's degree in psychology from the University of California, Berkeley, and her master's and doctoral degrees in child development and educational psychology from the University of Chicago. She has been a visiting scholar at Cornell University, UCLA, Stanford University, and the University of South Australia. Berk has published widely on the effects of school environments on children's development, the development of private speech, and most recently, the role of make-believe play in development. Her research has been funded by the U.S. Office of Education and the National Institute of Child Health and Human Development. It has appeared in many prominent journals, including "Child Development, Developmental Psychology, Merrill-Palmer Quarterly, Journal of Abnormal Child Psychology, Development and Psychopathology, "and "Early Childhood Research Quarterly. "Her empirical studies have attracted the attention of the general public, leading to contributions to "Psychology Today "and "Scientific American." Berk has served as research editor for "Young Children "and consulting editor for "Early Childhood Research Quarterly "and the "Journal of Cognitive Education and Psychology. "She is a frequent contributor to edited volumes on early childhood development, having recently authored chapters on the importance of parenting, on make-believe play and self-regulation, and on the kindergarten child. She has also written the chapter on development for "The Many Faces of Psychological Research in the Twenty-First Century "(Society for the Teaching of Psychology), the chapter on social development for "The Chicago Companion to the Child, "the article on Vygotsky for the "Encyclopedia of Cognitive Science, "and the chapter on storytelling as a teaching strategy for "Voices of Experience: Memorable Talks from the National Institute on the Teaching of Psychology "(Association for Psychological Science). Berk's books include "Private

Speech: From Social Interaction to Self-Regulation, Scaffolding Children's Learning: Vygotsky and Early Childhood Education, "and "Landscapes of Development: An Anthology of Readings. "In addition to "Infants, Children, and Adolescents, "she is author of the best-selling texts "Child Development "and "Development Through the Lifespan, "published by Allyn and Bacon. Her book for parents and teachers is "Awakening Children's Minds: How Parents and Teachers Can Make a Difference." "" Berk is active in work for children's causes. In addition to service in her home community, she is a member of the national board of directors of Jumpstart, a nonprofit organization that provides early literacy intervention to thousands of low-income preschoolers across the United States, using college and university students as interveners. Berk is a fellow of the American Psychological Association, Division, 7: Developmental Psychology.

INFANTS AND CHILDREN: PRENATAL THROUGH MIDDLE CHILDHOOD PLUS NEW MYDEVELOPMENTLAB WITH PEARSON ETEXT -- ACCESS CARD PACKAGE (7TH EDITION) PDF

Berk's signature storytelling style invites students to actively learn beside the text's "characters" who share their influential experiences and developmental milestones. Students are provided with an exceptionally clear and coherent understanding of child development, emphasizing the interrelatedness of all domains—physical, cognitive, emotional, and social—throughout the text narrative and in special features. Focusing on education and social policy as critical pieces of the dynamic system in which the child develops, Berk pays meticulous attention to the most recent scholarship in the field. Berk helps students connect their learning to their personal and professional areas of interest and their future pursuits as parents, educators, health care providers, counselors, social workers, and researchers.
