I recommend it!

By Amazon Customer

I have a ten year old girl who is developing and curious. This book helped to answer all of her questions and begin a good mother/daughter conversation for us. The illustrations are great. They are age appropriate and not too graphic. Great book. I'm going to use this when my 5 year old is old enough to begin this conversation.

AMAZING!!

I showed my niece this book as we began our "puberty talks" and she seemed to light up. It broke down a lot of things that I was trying to figure out how to explain it to a 6yo and an 8yo
