Magic of Selling Art

If you are working in a gallery, this is a really excellent book to read. There are some good tips about body language, but the rest is a lot of self promotion...

Jack White

By Lynette C. Landry

You will not believe the information and tips and tricks Jack gives in his books. MYSTERY OF MAKING IT is the most crammed with information. If I could buy only one that is the one I would choose. But, I bought all of the 6 others when I started reading Mystery, because I didn't want to miss anything Jack had to say. I will eventually get to ordering his Texas History books, but right now I need the information in the art series to sink in to being automatic pilot for me.

Do not hesitate to purchase any of his book !!! All are worth more than you are paying!!!

He is most willing to share of anyone I have ever known.
