MAKING KIMONO & JAPANESE CLOTHES BY JENNI DOBSON PDF

Any dressmaker, quilter, or embroiderer who has ever felt inspired by the elegant design of Japanese clothes will find everything needed to start stitching in this comprehensive and luxurious sourcebook. In addition to colorful photos and illustrations that provide a history of the kimono and other Japanese garments, there are patterns, practical diagrams, and instructions for assembly. Each style receives loving attention, with something for everyone: kimonos for men, women, and children; mompe, the traditional trousers worn by both sexes; the short versions of kimono known as hippari and jimbei; and waistcoats, including a child's chan-chanko. The information on decorative stitching, adding motifs, dying the fabric, silk painting, and the Japanese sense of aesthetics provide invaluable guidance in constructing the final piece.

could be much better

By Ceren

although the book is written in english, it is hard to understand the instructions. I wish it had more photos just like typical japanese craft books. I bought it a couple of years ago and completely forgot about it until i saw it today on my amazon "review" list

Kimono

By Heather St Pierre

I always sew lots and I got this book to help me understand kimono more. It helps me much and I am using it lots.

53 of 53 people found the following review helpful.

Offers little guidance on "Japanese-y" clothing

By C. Law

It was too brief, too cursory, with just an overview of colors, motifs, design strategies. It was a helpful how-to for sashiko embroidery decorations, hanten and hippari (the more "folksy" traditional garments in Japan), but not helpful for instructions on how to re-line my haori. The author barely mentions adding a lining in passing, without really going into depth on how to do it, not even a "repeat steps 3-6 with lining fabric and sew on the reverse". And her section on making an "obi" was pathetic (and that's being kind) for something that resembles a heavyweight wrestler's championship belt. It's good for the beginner who is completely unfamiliar with Japanese garments, but you will soon crave more depth after reading it.
