Great book, even better with the DVD's

By m. effer

I took this as part of an accounting information systems class. I had to go through this entire book and also Manzo's Access book in 8 weeks (accelerated class). I still have all the knowledge today!  
the DVDs are totally essential. Don't get the one without the DVDs, because the videos and files on them are SO necessary for even faster learning.

Really comprehensive book. Great value for future accountants/statisticians, etc.
