Book never arrived

By O. Truong

I waited for 24 days and the book never arrived. I am assuming it got lost on route. I emailed the seller for a refund and he kindly refunded my money. Overall, the responses to my emails for timely. The book never arrived so it was a most unfortunate experience, since I needed that book for school.

Exactly what I needed

By Courtney

The only problem I had with this book was someone had written in the answers to the practice problems, so I will have to go through and erase them to get good practice. Otherwise, it's in great condition and was just what I was looking for on recommendation from my professor.
