Not as good as the Waddle book

By allymczeal

We liked the Waddle book so we decided to get this one on a lightening deal. The pictures are a lot darker in this book so it's not as easy to see the movement. It's basically just pictures of Santa doing different things. It's not very interesting. I knew there wouldn't be a story but I expected the pictures to be the same quality and as much fun as the other books.

Entrancing!

By Becky6624

My 2 year old and 6 year old love this book and still after Christmas will sit and read it over and over. It was bought as a part of their "Christmas Eve" box and everything else in the box was tossed to the floor. The scanimation is amazing and the story is fun to read full of silly fun to say words. Definitely recommend, especially if you are looking for a Christmas book a little different from the usual.

I LOVE THIS BOOK!

Santa dances, runs, and twirls throughout this darling book!

You will see Santa hula-hoop, ride a unicycle, juggle candy canes and more.

Red and green checkered borders makes this a very fun book for the holidays.

It is SO ADDICTING to make the pictures move!
