By Brenda-Speak Your Mind Book Club

I so love this story it was different. It had me crying real tears. I like the steady pace of the story. I like the way the characters overcame many obstacles to get to there happily ever after. Loved Sanniyah and loved Carter. The character development was amazing I could connect with them. They were both broken in they own way. Then they learn to heal together. This was a great read.

another great story from Mia Caldwell

By Shaunise

Really enjoyed the book. It was a nice twist as this time the woman technically rescued the man. The only downside were the pesky spelling errors and missing/extra words. It hindered the story flow a bit, but it was still a great story. This one could actually stand a book 2. Oh and kudos for throwing in a free bonus book that was great as well.
