Worth the expence.

Costly. I had to think hard about buying this one. it is good. One to keep in your eBook shelf and go back for a refresher course now and then. I have purchased many other great volumes and they tend to get lost or misplaced, or borrowed and not returned; having a book like this on your eBook shelf is great. it's there when you need it.

I have has this for a long time and decided to review it now as I'm ready for a refresher course read of it.

Yep, don't try to edit this, haha, my reviews are first draft standard.
