Review

"... Cohen's easy-to-follow instruction make the treats easy to master. With so many varieties, even the most dedicated coconut-haters will enjoy getting to know this otherwise underappreciated delectable."

-- Shelf Awareness

From the Back Cover

"It took the Book of Danny in the Third Testament to give macaroons an exodus from their exclusive role as obligatory Passover postprandials. And thanks to The Macaroon Bible - which should be the last word on the topic - now they're free to be loved anytime, and in any guise imaginable."-- Danny Meyer, author of *Setting the Table: The Transforming Power of Hospitality in Business*

"I've been waiting for this book for a long time. I'm a big fan of Danny and his delicious bites and often go out of my way to get them. This book is a gift to all of us who crave and love his delicious macaroons. Danny's flavor combinations are witty and fun yet always deliver on bold, scrumptious flavor."-- Johnny Iuzzini, James Beard Award Winner, Author of *Dessert FourPlay*

THE MACAROON BIBLE BY DAN COHEN PDF

Despite perennial interest in French macarons, as well as other unique dessert subjects like cake pops and whoopie pies, this is the first book that celebrates traditional macaroons. But these are nothing like the old-fashioned macaroons you may remember. Famous for his flavors of Danny Macaroons like salted caramel, Baileys, and red velvet, Dan Cohen offers macaroons for a new generation with nostalgic appeal for people who grew up on them. This unique cookbook is sure to delight anyone who loves to bake, but one special thing about macaroons is that they're naturally gluten-free, made mostly with shredded coconut, sweetened condensed milk, and egg whites, plus whatever flavors you can imagine. This is great news to people who can no longer eat many desserts like cookies, cakes, and pies. Almost all of the fifty recipes are shown in beautiful photographs, and though making macaroons can hardly be any easier, there are step-by-step technique photos for first-timers.

THE Ultimate Book for Macaroon Lovers + Makers Alike

By Ethan Fixell

Got my hands on this beautiful book just yesterday, and I've already excitedly made my way through half of it. That's because, unlike most specialty recipe books, Danny's writing is uniquely engaging and entertaining -- recipes aside, you'll want to actually learn all about the history of macaroons, his company, and how to take "typical" macaroons to the next level. Of course, the recipes are killer, too. I already made his salted caramel macaroons and they came out FANTASTICALLY.

On top of that, the book features stunning photos by Alice Gao, and cute little illustrations that are often hilarious. Crack it open once, and you'll never put this charming book down.

One word of warning, though: this book is about macarOONs, not the french pastry known as the "macaron." So if you're looking for a book on those boring ol' sandwich cookies, you've come to the wrong place. However, one taste of a Danny Macaroon (whether packaged or made by YOU!), you'll never look back for a macarOn anyway. MacarOOns are here to stay, and Dan Cohen is the dessert-slinging prophet leading the way.

Yes, I'll have another.....

By The Wizard

I have tried other macaroon recipes, but this one is, by far, the best. It produces a nicely toasted cookie, with a minimum of stickiness. It also passes the freezer test with flying colors. I have 2 minor complaints....one, the basic macaroon recipe covers almost every recipe in the book, and simply adds variations to the same cookie, and 2, I hate hardcover recipe books, because they are difficult to keep open in the kitchen. I always coil my paperback books so they remain open while in use.
