# THE MEMORABLE THOUGHTS OF SOCRATES BY XENOPHON PDF

This scarce book was first published in 1891. Edward Bysshe translates the Greek historian Xenophon's writings about his greatly admired contemporary and teacher, Socrates. It comprises the author's personal apologia of Socrates and is Xenophon's longest and most well known Socratic writing. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Other Side.

By Sci Fi Fan

Socrates is considered by many people, to be the originator from which all modern philosophical thought is derived, in one form or another. Plato's famous Dialogues, are on many a required reading list, in the majority of the thinking class. However, it has been known for a long time, that Plato inserted his own ideas into "his" portrayal of Socrates, while still retaining some of Socratic thought. This is the alternative to Plato, an entirely serious and genuine portrait of the man, so admired by all the world. Xenophon was a historian and philosopher, who wrote this book to prove to the people of Greece, that Socrates was a positive force towards their lives. It is very rare that you can find the print version of this book. It is free here and needed by those, who enjoy Greek philosophy and history.

GREAT BOOK GREAT PRICE

By Jwp914

My first time reading Socrates and this book was great and at an unbeatable great price!

Great quotes and formatted well. Table of contents was helpful as well

Pragmatic

By Robert Alexander Dunn

Xenophon gives a different look at Socrates than what is brought forward from the dialogues of Plato. One gets a far greater sense of Socrates' drive for living a virtuous life, and the temperance he exercised towards life that enabled him to avoid the traps of pleasure that keep most of us from achieving the greatest happiness of all. And as far as Xenophon could observe, Socrates' life of virtue and piety allowed Socrates to be 'the happiest and most contented man Xenophon had ever known. I would recommend this book to anyone who wants to understand the basis of all of Western philosophy, and of life. It has been said that Western Philosophy is just a footnote to the ideas exemplified by the life of Socrates as observed through the works of Xenophon and Plato.
