TRAUMA ALERT: FIRST RESPONDERS, BOOK 1 BY RADCLYFFE PDF

When you spend your life battling death, who has time for love?

Dr. Ali Torveau knows just how fragile life can be - she sees death and tragedy every day in the trauma unit. Battling the dark forces of fate is her life's work and she doesn't want or need anything else, certainly nothing as transient as love. Plenty of women try to change her mind, but she never has any trouble saying no. Not until the day firefighter Beau Cross shows up in her ER and sets Ali's carefully ordered world aflame.

Strong Romance

By J'aime

I was familiar with Radclyffe by name, but had never read any of her work before now. I was under the impression that she wrote historical fiction, but "Trauma Alert" is without doubt a contemporary romantic drama. And it is very well done - I can see why Radclyffe is so popular and prolific. The author quickly built a realistic setting; she obviously did her research and I felt like I was observing real medical professionals. The main characters are believable, and fully developed. I felt real suspense when they were involved in emergency rescues, or surgeries, and kept me turning the virtual pages to see what would happen next.

I also appreciated that the characters didn't immediately fall into lust-filled gazes, and heightened sexual urges the moment their eyes met. The two women assessed each other, and continued with their professional responsibility like real people do. Not every romance has to start with earth shattering sexual attraction. The two women are polar opposites with their own baggage, and masks protecting who they really are inside. That is not to say that the story has no steam - this is a healthy book, not a novella parading as a novel, so readers have time to see a relationship build.

One of the best things about the writing is the way characters are matter-of-fact about their sexuality. A gay couple is treated as almost ordinary in the story, which is a refreshing break from the angst gay romances usually have. I am not sure if this is typical of F/F, or this author in particular but it was nice. Recommended.

Characters too stereotypical

By lookingforagoodread

Radclyffe has loads of talents, but this one seemed to be pumped out according to formula. Unfortunately, the characters and plot were too predicatable... in fact we've seen these characters in most of her books, just change the names. The word "skated" was creative and unique the first couple of times, then simply tired and overused by the 8th time. Radclyffe, you can do better.

*

By lenkalotte

I swear I've read about characters like these a gazillion times in her previous novels and I'm pretty sure I've read entire passages from this book in her previous books as well.

She's written some really good romances, but not this one.
