4 of 4 people found the following review helpful.

I really liked the book - it is too short at 46 pages for 1.99

By Redread

I try not to think about how short this was. I knew how long it was going into the book. BUT oh what an awesome book it could have been.

Jackie - she's well, I really don't know how to explain her. There wasn't enough about her in the book. She could have been anyone. And the big plot was her brother died by Zane's hand. She was mad that Zane had murdered him, but it really didn't say anything about her brother's relationship to her. And I mean nothing. The reader doesn't know if she liked him. If he played with her when she was young. If he was abusive to

her... You get the picture. She doesn't seem sad that he died.

Zane - Well I just loved Zane. He carried the book. We learn quite a bit about his background. But... As you've noticed, I'm saying... We could have heard more. How did he get to be a great tracker? What did happen when Jackie's brother died - from Zane's point of view.

The love story - Ummm... There isn't one. Eventually Jackie just loves Zane because her wolf does. And she sees him fight and things he probably murdered her brother in self defense.

Another thing that bugged me. When referring to Zane when he is a wolf. The text would say "Zane Wolf". So OK we know he's a wolf so why not just say Zane?

I did buy the rest of the books in the series. Even though they are short without enough details and story, I liked them enough to want to read more.

2 of 2 people found the following review helpful.

second verse, same as the first

By kathy harrington

Again, not a bad read, but shorter than the first book. This was truly an underwolf (sorry for the pun) story. Lots of hot sex too!

0 of 0 people found the following review helpful.

So disappointing.

By Akbookwormaddict

The first book was short and felt a little rushed, but was mostly a great book so I had expectations for this book to be better. The summary was intriguing but the actual book? It was choppy, sloppy, rushed. The sex scenes struck me as quantity over quality and the supposed plot twists and the new characters in this book were forced. The only well written areas of the book were the ones including Lucien and his mate (NOT including the birth scene at the end which was once again sloppy and forced) Glad this book was only 0.99 but that is still too much money. This book needs a **SERIOUS** overhaul. Will give this series one more chance and I **WILL** be returning this book if I can.
